

Company Profile

ABOUT US

Zayan Infra Projects Pvt. Ltd. has emerged as a leading manufacturer of heavy and complex steel structures, pre-engineered metal buildings, building components, and fabricated Portable Cabins.

Zayan Infra Projects Pvt. Ltd. has diversified interests in steel, infrastructure, renewable energy, and logistics.

FABRICATION FACILITY

- State-of-the-art CNC (Computer Numerical Controlled) machines and Plasma machine
- Automatic saw welding station.
- 100,000 square feet of storage yard for materials
- 12 EOT Cranes ranging from 5MT capacity to 20MT capacity
 - 3 Hydraulic Cranes of 15 MT each for open yard fabrication.
 - Goliath crane in the open yard of 25 MT Capacity.
 - 250 highly skilled welders, riggers and fitters.

Plant Punching And Drilling Machines :

- The plate processing machine has the facility to punch, drill, mark and cut plates using gas-cutting and shearing technology.

SAW, DRILL AND NOTCHING LINES

Zayan Infra Projects Pvt. Ltd. has facility for heavy duty sawing and drilling at wider widths and heights, capable of coping and cutting sections, angles, channels, tubes and hollow sections.

COLD ROLL FORMING

- ▶ Completely Automated roll forming machines with automated loading, forming cutting and packing systems
- ▶ Capacity of MP-980 is 100 MT in a 24 hour shift thereby ensuring quick delivery times for large quantities of material..
- ▶ Multiple support machines like Crimping machine, Decking machine and bending machines to enable us to service the entire of building accessories.

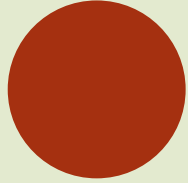

Shot Blasting & Panting :

- 3 Automated Shot blasting machines with well-trained operators
- All weather painting booth for Painting and Drying of fabricated material.

MACHINERY AND TECHNOLOGY

- ✓ Automatic beam – cutting, drilling and welding lines
- ✓ SAW deep penetrant welding line up to 100mm
- ✓ Plate Shearing lines
- ✓ CNC Gas cutting lines
- ✓ Plasma cutting machines
- ✓ Radial drilling and punching machines
- ✓ 12 EOT Cranes ranging from 5MT capacity to 20MT capacity
- ✓ 3 Hydraulic Cranes of 15 MT each for open yard fabrication.

- ✓ 3 Automated Shot blasting machines with well-trained operators
- ✓ All weather painting booth for Painting and Drying of fabricated material.
- ✓ CNC bending lines for accessories
- ✓ 15 Cold roll forming profile lines for roofing , cladding , seamless and decking
- ✓ Crimp and curved sheet profile lines
- ✓ CEE and ZED purlin machines
- ✓ All testing facilities available like the verniers, profile gauges, hygrometers, m thermometers, screw gauges, elcometers, try square calibrated by NABL labs.
- ✓ Flux drying and baking ovens.

ZAYAN PRODUCTS

PRODUCTS

Portable Cabins Manufacturer
Toilet Cabins Manufacturer
Guard Cabin Manufacturer
Santizer Booths Manufacturer
PEB Sheds
Industrial Sheds
Roofing & Cladding
Beams & Rafters
Purlin & Channels

Smart Building

Fabrication / Erection / Installation

Building Repairing & Maintenance

Steel Structure

Pre-Engineered Buildings

Roofing Solutions

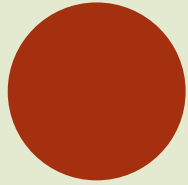

Labour Colonys

Labour Contractor (Civil & Mechnical)

PRODUCTS

COMPANY'S PROJECTS

- ✓ L&T (Nepensea Road)
Fabrication With Erection
- ✓ JSW (Dolvi) Roofing & Cladding
- ✓ MPIL (Metro Station) JVLR /
Mahananda / Aaray Colony /
Pathanwadi (Ongoing Project)
- ✓ RIL (Jamnagar) Fabrication

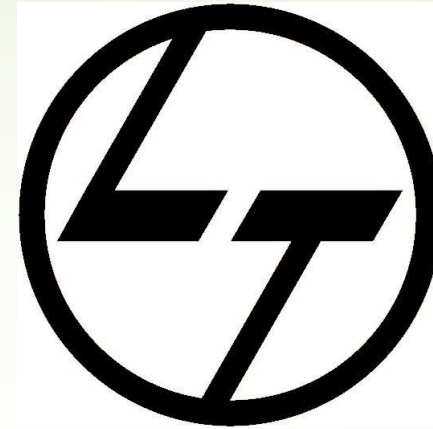

- ✓ Akshar (Fabrication Of Portable
cabins) Builders (Navi-Mumbai)
- ✓ CIDCO (Fabrication Of Portable
cabins) Navi Mumbai (On Going
Project)
- ✓ ABC Construction (Dolvi(
Roofing & Cladding

Expertise In :-

- Portable cabins
- Roofing Solutions
- Pre-Engineered Buildings

Clients :-
